

MEDICAL EQUIPMENT TECHNICIAN

Job Purpose: To support the safe, reliable and efficient operation of medical and diagnostic imaging equipment through routine inspection, maintenance, troubleshooting and technical support.

Suitably qualified candidates who meet the following requirements are invited to apply:

Minimum Requirements:

- A recognised diploma or degree in Biomedical Engineering, Electronics, Electrical Engineering, Medical Equipment Technology or a related technical field.
- Knowledge of medical equipment maintenance, electrical safety and basic troubleshooting.
- Ability to read technical documentation and follow maintenance procedures.
- Good problem-solving, record-keeping and communication skills.
- Ability to work safely in a clinical and technical environment.
- Relevant experience with hospital or diagnostic imaging equipment will serve as an added advantage.

Key Functions and Responsibilities:

- Carry out routine inspections and preventive maintenance on medical and diagnostic imaging equipment.
- Assist with troubleshooting equipment faults and coordinate repairs where required.
- Maintain accurate service, maintenance and equipment records.
- Monitor equipment performance and report recurring technical problems.
- Support equipment installation, testing and commissioning activities.
- Liaise with equipment suppliers, service providers and clinical users when necessary.
- Promote safe use of equipment and compliance with relevant technical and safety requirements.
- Assist with inventory and tracking of equipment, accessories and technical documentation.
- Support staff with basic equipment-related technical queries and escalate complex issues appropriately.

Applications must comprise of the following:

- A cover letter.
- An updated curriculum vitae.
- Copies of academic qualifications and supporting documents.

How to Apply

All vacancies are applied for via the Namibia Integrated Employment Information System (NIES) website. Applicants should follow the vacancy instructions published on NIES and submit all required supporting documents.
